Dated 26th March, 2013

Request for proposal for comprehensive consultancy to profile Indian Capital Goods Industry, SWOT analysis, Vision, Mission, Plans till 15th Five Year Plan and draft Policy.

1. Background:

Department of Heavy Industry looks after the development and growth of the Capital Goods Sector. The Capital Goods Sector is vital to the value addition in the entire manufacturing chain. Further details of the Capital Goods Sector may be perused at DHI website www.dhi.nic.in in the Working Group Report on "Capital Goods and Engineering Sector" prepared for the 12th Five Year Plan.

2. Objective:

It is proposed to evolve a National Policy for medium and long term development, growth and global competitiveness of the Indian Capital Goods Sector. For this a profiling study with analysis and recommendations leading to road map policy for global competitiveness is proposed to be undertaken through a knowledge consultant.

3. Scope of Work/ Terms of Reference (ToR):

Diagnostic Study to profile India Capital Goods Sector (illustrative list of sub-sectors given below) and to draft a comprehensive policy:-

- a) To identify and describe the present state of the Indian Capital Goods Sector and how it fares in relation to the Global capital Goods Industry;
- b) To carry out a SWOT analysis of the Indian Capital Goods Sector to look at the competitive strengths vis-a-vis its global competitors;
- c) To look at various policy parameters that govern the growth of Indian capital goods industry and identify the shortcomings. This should include the entire gamut of industrial policy, fiscal policy, foreign trade policy in light of regional trade agreements being signed by India and other relevant policies;
- d) To identify key R &D, technology development, skill development, exports promotion, local purchasing promotion, increasing depth in local manufacturing, trade, taxation and
