Department of Heavy Industry

MONTHLY SUMMARY OF SIGNIFICANT ACTIVITIES FOR APRIL, 2016

- 1. India's participation in Hannover Messe Industrial Fair, 2016:** Secretary (HI) led an industrial delegation to Hannover Messe, 2016, which is the world's largest platform showcasing manufacturing technologies and innovations. The objective of participation this year was to continue the benefits from the India branding last year register DHI's presence and claim in the manufacturing sector at Hannover Messe, to network for technologies required by the country and at the same time explore avenues leading to technology transfers for our industries. The Department organized a workshop on the subject of Indo German Partnership for industry 4.0, which witnessed participation of Germany's largest associations, institutions and companies. MOUs with (i) Steinbeis, world's largest industrial technology development organisation and (ii) HMF India, Indian subsidiary of the Hannover Messe with whom Department is replicating successful organization of Mini Hannover Messe in India named WIN India, were signed.
- 2. Ground Breaking Ceremony for construction of TAGMA Centre of Excellence and Training:** Hon'ble Minister (HI&PE) performed Ground Breaking Ceremony for construction of TAGMA Centre of Excellence and Training on 22-04-2016 at Chakan, Pune which is being funded by Department of Heavy Industry (DHI) and Tool & Gauge Manufacturers Association (TAGMA) under the scheme on "Enhancement of Competitiveness in the Indian Capital Goods Sector". This centre is being set up with the project cost of Rs.51.92 crore wherein contribution of DHI is Rs.26.27 crore. This centre would cater to the needs of MSME Tool Rooms in and around Pune for the supply of Sheet Metal Dies, Plastic Moulds, Die Casting Dies, Jigs & Fixtures. These Tool Rooms would be able to use hi-tech manufacturing and try out facilities for the tools to be manufactured by them. This is an effort towards 'Make in India' initiative of the Hon'ble Prime Minister as it will help in reducing imports of Moulds and Dies. The Training Facilities at the centre would help in meeting the demand of skilled manpower in the Tooling Industry. It would enhance employment opportunities for the skilled candidates and take the country forward towards the skill development goals set by Hon'ble Prime Minister.
- 3. Commissioning of Lalitpur Supercritical Thermal Power Project:** BHEL successfully commissioned Unit #3 of 660MW Lalitpur Supercritical Thermal Power Project (3X660 MW) and Commercial Operation declared for Unit #1 of Goindwal Thermal Power Project (2X270 MW).
- 4. Development of Vibration Monitoring System:** BHEL spent Rs. 40 Cr. on R&D initiatives and filed 23 patents/copyrights during the month including successful development of

Vibration Monitoring System (VMS) for pump applications and Tooling for Investment Casting of GT Frame 5 Stage-II cutter teeth bucket.

5. **Prestigious awards conferred on BHEL:** BHEL was conferred with three prestigious awards during the month:
